### **About Clover (formerly Kingsley House)**

Founded in 1896, the mission of Clover (formerly Kingsley House) is to educate children, strengthen families and build community through certified early learning, adult day care and workforce development programs that serve the whole family. Recognizing that under-resourced families are at risk of being caught in an intractable cycle of poverty, we are committed to ensuring that individuals and families have the support necessary to be successful at all stages of life.

Clover Cares—the largest adult day care in New Orleans—provides year-round compassionate care for seniors, veterans and medically fragile adults and offers support to caregivers, reduces isolation for participants and assists families in caring for loved ones.
